Just left Brett Farve.
Can we help him with
his project. We
should meet soon to
see how I can make
sure we keep your
projects on course.

I would really appre-
ciate having the op-
portunity to follow

portunity to follow through with all the good things we are working on, especially projects like Brett's and Tim Bennett's. I can make myself available when you have time. I would really appreciate a little of your time soon.

I can do 4pm on Thursday.
