

LARRY R. LIPSCOMB, M. D.
OBSTETRICS AND GYNECOLOGY

June 4, 1998

TO WHOM IT MAY CONCERN:

Delbert Hosemann provided periodic legal services for the South Jackson Women's Clinic from 1977 - 1981. At that time the Clinic provided obstetrician and gynecological services. These services did not include pregnancy terminations as the Clinic did not offer that procedure until several years later. I am saddened that his name was mistakenly listed on documents filed with the Secretary of State. This is an obvious error since Mr. Hosemann had not provided any legal services to the Clinic since 1981. We apologize for any harm this has caused Mr. Hosemann.
