Good evening Governor,

Following up my friend on
FDA connections. Also
wanted to say Brett and I
are hopeful to get a group
of investors together
perhaps with your help
and come up to Jackson.

We want you to know we
want you on the team and
can offer stock. We don't
know the rules but are
willing to do what is
needed to bring you on
board.

Grateful for your help!!!

Governor would a week from Sunday dinner work for you?

Brett Larve

If not sooner or later if need be

Let me get Bethany, scheduling Sect. on it. A week night is usually better as we let the staff off on Sunday night.
